

## DIRECTIONS TO MOUNT WILSON OBSERVATORY

NOTE: The road to Mt Wilson, especially the last few miles is a narrow, winding road. Allow at least a hour to 45 minutes from La Canada-Flintridge to Mount Wilson.

DIRECTIONS: From the 210 freeway, follow the Angeles Crest Highway (State Highway 2) north out of La Canada-Flintridge, past the Angeles Forest Highway turnoff to Palmdale, to the Mount Wilson turnoff at Red Box. This is about 14 miles from the 210 Freeway. Drive about 5 miles more to Mount Wilson. You will arrive at a small intersection near a number of transmitter towers. Follow the "Observatory" sign on the one-way road to the far right around the towers until you reach the Forest Service gate, which is the entrance to Skyline Park and the Observatory.

HOURS: The gate and the public portions of the Observatory are normally open from 10:00 a.m. to 4:00 p.m. daily but are closed in winter and in periods of high fire danger. Tour visitors may park in the main parking lot at Skyline Park and walk about  $\frac{1}{4}$  mile to the Observatory. No public parking is available on the Observatory grounds and only authorized vehicles are permitted past the main parking lot.

PARKING: The Forest Service requires that vehicles parking within the Angeles National Forest, which includes the parking lot, display a National Forest Adventure Pass or a Golden Age Passport. Skeptics Society volunteers will be handing out Adventure Passes for our tour members.
